

TOWN OF COHASSET

ANNUAL REPORT

1947

Lieutenant Norman Mackintosh Todd, U. S. M. C. R.

While a student at Cornell University, Norman enlisted in the United States Marine Corps Reserve on September 22, 1942. He was assigned to active duty on July 1, 1943. After boot training, he went to officers school and was appointed a Second Lieutenant September 13, 1944. He went overseas on June 1, 1945 with the Second Marine Division in the Pacific theatre of war, and served with distinction with his famous outfit at Guam, Saipan, and Nagasaki. He was invalided through combat and was flown home for treatments. He died in the service of his country on August 7, 1947.

"Mac" as he was affectionately known to his host of friends, was born May 4, 1922. He graduated from Hill School at Pottstown, Pennsylvania in 1940, and matriculated at Cornell, receiving his degree from that institution with the class of 1944.

We dedicate this report to the memory of this gallant American.

TOWN CLERK'S REPORT

Town of Cohasset

REPORT OF THE ANNUAL TOWN MEETING

HELD MARCH 1, 1947

At the Annual Business Meeting held at the Ripley Road School at 2 o'clock P. M., March 1, 1947, the following Articles were contained in the Warrant and acted upon as recorded:

Checkers previously appointed for entrance, by the Selectmen and sworn by Town Clerk William H. Morris at 1 o'clock P. M., were Catherine D. Noonan, Rosilla Trott, Mamie F. Keegan, and Louise S. Jason.

The meeting was opened at 2:15 o'clock P. M., by the Moderator and the Town Clerk proceeded to read the call of the meeting.

Tellers appointed by the Moderator and sworn by Town Clerk William H. Morris at 2:17 o'clock P. M., were Henry E. Sweeney, Ziba T. Lapham, Reginald R. Beal and Charles A. Marks.

The Moderator ascertained from the checkers the number of voters present, as checked on the incoming voting lists which was 544.

ARTICLE 1. To choose all town officers not required to be elected by ballot.

VOTED: Unanimously, by a voice vote, that the Selectmen be and hereby are authorized and directed to appoint all Town Officers not required to be elected by ballot.

ARTICLE 2. To act upon the reports of the various town officers as printed in the annual report for the year 1946.

VOTED: Unanimously by a voice vote, that the reports of the various town officers as printed in the annual report for the year 1946 be accepted with exceptions as follows:

Correction on page 134—due to printer's error—Report of Collector of Taxes, 1946 Commitments as per warrants: Poll—Personal—Real Estate Taxes to read \$292,453.60.

Correction on page 140—due to typographical error—Report of the Assessors, Abatements of Taxes During the year 1946, Levy of the Year 1944, Real Estate to read \$1,578.00.

ARTICLE 3. To hear the report of any committee heretofore chosen and act thereon.

Report of the War Memorial Committee.

Fellow Citizens of Cohasset:

Your War Memorial Committee was appointed in October by our Selectmen. We held our first meeting in November and have held a series of meetings to this date. The ground work for such a project has been of necessity, slow, and although your committee

ANNUAL REPORT, TOWN OF COHASSET, 1947

would like to present at this time a complete plan for a War Memorial, such could not be done properly in the time available. We therefore request that this committee be allowed to continue and make a report at the next Town Meeting.

Respectfully submitted,

PAUL BLACKMUR
THOMAS G. CHURCHILL
MARTHA G. GRANGE
MRS. ROBERT C. KNOWLES
EDWARD A. MULVEY

VOTED: That the War Memorial Committee be continued in existence by a voice vote, unanimously in the affirmative.

ARTICLE 4. To see what action the town will take with respect to voting and/or recommending an increase in the salaries, compensation, and wages of its Public Officials, Town Officers, and employees, elected, appointed and otherwise; raising, appropriating, and allocating sufficient money for the purpose or what other action it will take relative thereto.

MOVED: That this article be indefinitely postponed.

VOTED: By a voice vote, in the negative.

VOTED: By a voice vote that the salaries, compensation and wages of the Town's Public Officials, Officers, and Employees, elected, appointed and otherwise be temporarily increased and recommended for increase for the year, as recommended by the Finance Committee in their report, to be effective, January 1, 1947. Such increase to be provided, fixed, allocated, by appropriate vote under Article 5 of the Warrant.

a. a temporary increase of \$200.00 be given to all full time employees other than School Teachers.

b. the School budget be increased by an amount equal to the number of teachers multiplied by \$200.00 which shall be used at the discretion of the School Committee to establish a new salary schedule.

c. that 90c per hour be paid for day labor.

d. an increase of 25c to call Firemen. This recommendation is made because these men have not received increases in line with other employees.

f. that all increases prior to January 1, 1947 be considered permanent.

PARENTS, BE SURE TO RECORD THE BIRTH OF
YOUR CHILD WITH GIVEN NAME IN FULL

"Parents, within forty days after the birth of a child and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the Clerk of the Town where such child is born."—General Laws, Chapter 46, Section 6.

Many times returns are made by doctors and hospitals before a child has been named. Make certain your child's name is recorded.

SOME OF THE REASONS WHY BIRTHS SHOULD BE
RECORDED

To establish identity. To prove nationality.

To prove legitimacy.

To show when the child has a right to enter school.

To show when the child has the right to seek employment under the child labor laws.

To establish the right of inheritance of property.

To establish liability to military duty, as well as exemption therefrom.

To establish the right to vote.

To qualify to hold title to, and to buy and sell real estate.

To establish the right to public office.

To prove the age at which the marriage contract may be entered into.

To make possible statistical studies of the health conditions.

Your co-operation to the end that all births may be properly recorded will be greatly appreciated.

TOWN ACCOUNTANT'S REPORT
For Year Ending December 31, 1947

January 24, 1948.

To the Honorable Board of Selectmen and to the
Citizens of Cohasset:

I herewith present my annual report in accordance with Section 61, of Chapter 41, of the Tercentenary Edition of the General Laws, for the year ending December 31, 1947, showing in detail the appropriations, expenditures, and the receipts from each source of income. Also a recapitulation sheet and a balance sheet showing the assets and liabilities, and trust accounts. Again, you will notice that the Town is free of debt.

The records of permits and licenses issued by the Selectmen and other departments receiving money for the town or committing bills for collection were examined and checked, the reported payments to the Town Treasurer being compared with the Treasurer's recorded receipts, also the savings bank books and securities representing the investment of the several trust funds in custody of the Town Treasurer. I have further reconciled the accounts of the trusts funds in custody of the Trustees of the Cohasset Free Public Library and Paul Pratt Memorial Library.

You will also find at the end of the report detail payroll expenditures of each Department, together with a detailed report of the total expenditures of the School Department Maintenance and School Lunches. On page 157 you will find details of salary report of Paul Pratt Memorial Library.

I hereby certify that I have verified the Treasurer's cash during the year, and reconciled the bank accounts, and found them correct, which is in accordance with Section 50 of Chapter 41, of the Tercentenary Edition of the General Laws.

I wish to take this opportunity to thank all departments for their sincere cooperations this past year.

MALCOLM H. STEVENS,
Town Accountant.

Crime

It was freely predicted that the postwar period would be visited with an increase of crime in all communities, but I am happy to report that Cohasset has successfully met this problem and kept it under rigid control. In all probability there will be a certain amount of criminal problems in every community at all times, but where a police department is alert and receives the full support of its citizens as we do in Cohasset, organized crime will be discouraged to the extent that it will never secure a foothold.

Juvenile Delinquency

It is increasingly evident that the problem of juvenile delinquency resolves itself into one of discipline, a discipline that must be instituted by parents and applied in later years by children themselves, based upon the training the parents are bound to give them. It is appalling to read in the newspapers of the serious offenses committed by juveniles, and the one startling conclusion that forces itself upon the reader is that there must be a lack of proper supervision over these youthful offenders. Until parents exercise the obligations of parenthood imposed upon them it does not seem likely that any great progress will be made in reducing the offenses committed by young people. In the main, these offenses may seem petty, such as malicious destruction of property, both public and private, yet it must be remembered that such offenses

ANNUAL REPORT, TOWN OF COHASSET, 1947

are costing private individuals as well as tax payers a considerable sum of money each year which could be used to much better advantage.

There are agencies concerned with the correction of these offenders and they are undoubtedly accomplishing much good, but, regardless of how they strive in their efforts to make these young people good citizens, their work will be without avail unless parents take upon themselves a serious interest in their welfare.

I know that the continued co-operation given this department by the parents, churches, schools, Social Service League, and the Community Center will be instrumental in doing its full share to correct juvenile delinquency.

Conclusion

On April 7, 1948 I will have completed twenty-one years as Chief of Police. I take this opportunity to pay tribute to the unselfish efforts of the personnel of the department in rendering to the citizens of Cohasset adequate police protection wherever needed. The citizens can indeed be proud of the members of their police force.

May I express to your Honorable Board and to the people of Cohasset my sincere appreciation of the constant support you have extended to me.

Respectfully submitted,

HECTOR J. PELLETIER,

Chief of Police

ANNUAL REPORT, TOWN OF COHASSET, 1947

CONDITION OF APPARATUS

Repairs have been made on all trucks. Engine 3 and Ladder 1 have been in commission for over twenty years, and require constant and considerable repairs to keep them in proper condition.

Engine 1 will require additional repair work. The new Pirsch Ladder truck ordered in 1945 was delivered in October, and the old Ladder truck was taken out of commission. I recommend the disposal of this truck.

INSPECTIONS

All public buildings were inspected by the State Building Inspector and this department. Owners or tenants were requested to install emergency lights, exit signs, extinguishers, and proper exits for the safety of the public.

A great many oil burners were installed during the year, and the numerous requests received from citizens to inspect old installations has made it necessary to devote a great deal of time to this task.

New rules by the Department of Public Safety require that a permit be received from the Fire Department before installation or alteration of an oil burner. Permits are required to store over ten gallons of oil, and oil dealers are not allowed to deliver oil where there is no permit. Permits are void if not issued to the owner or tenant.

FOREST FIRE DEPARTMENT

This department experienced one of its worst years in fire hazard conditions. During the extreme drought in October the wooded sections of the town were patrolled, and the town dump was closed at night. I extend sincere thanks to the citizens for the cooperation given this department in keeping our wooded sections from being destroyed by fire. There were 910 permits issued for open air fires during the year.

RECOMMENDATIONS

I would respectfully recommend the following for your consideration:

1. The purchase of a 500 gallon pumping engine to replace the twenty-three year old truck now in use.
2. The painting of both the Central and Beechwood Fire Stations.
3. The installation of additional hydrants on Beechwood Street, and on Forest Avenue.
4. The purchase of a new Chief's car to replace the present 1941 car.
5. The construction as soon as possible of a modern Central Fire Station.
6. That the present hours a fireman must be on duty be reduced from 84 hours a week to 70 hours a week by the addition of three men.

ANNUAL REPORT, TOWN OF COHASSET, 1947

In concluding my report, I wish to extend my thanks to the Honorable Board of Selectmen, and the heads of the town departments for their cooperation and assistance.

To the officers and members of this department I wish to express my sincere thanks for their services and cooperation on all occasions during the year.

Respectfully submitted,

JOSEPH L. OLIVER

Chief of Fire Department
Forest Warden

REPORT OF THE BOARD OF SELECTMEN

Ladies and Gentlemen of Cohasset:

Your town is in a splendid financial condition, in spite of the fact that costs of maintenance and supplies have increased tremendously. We are proud of the fact that with these increases your town has kept within its tax structure and budget with the following improvements;

For the first time your Selectmen have taken advantage of assistance from the State under Chapter 90 of the General Laws. We refer particularly to the repairing of Gulf Mill Bridge on Border Street which was in bad condition. Four new sections were installed and recapping the rails were made. One third of this job was paid by the town, one third by the County and one third by the State. Also under Chapter 90 we have a definite road building program laid out so that we will rebuild or resurface a section of road each year. As you know this past year two new sections of roads have been constructed at North and South Main Streets. These two sections of roads are not only the best that could be constructed by the State engineers, but also thoroughly drained with new catch basins installed wherever necessary. The total cost of this job was done without cost to your town.

At this writing we are working with the State and County officials on a project, under Chapter 90, to remove portions of ledge on the dangerous corner at Border Street.

We are very grateful for the splendid cooperation of the Old Colony Railroad in changing the gate at the Pond Street Crossing, which eliminates a very bad corner. Also the railroad, at our request, put new red stop blinkers on their gates at Pond, Sohier and Whitney Crossings.

As you know, we made a start last year by making necessary repairs to the Town Hall. The auditorium, lobby and dressing rooms were repainted, ropes were replaced, which had been condemned by the State Board of Public Safety, and the auditorium floor sanded. The Selectmen's office and clerk's office were also repainted. We are asking you this year for a sufficient appropriation to finish painting the offices on the second floor. We feel that a small appropriation each year for this work will enable your town hall to be in constant repair.

ANNUAL REPORT, TOWN OF COHASSET, 1947

We are also faced with the maintenance of North Cohasset Post Office Building, the Central and Beechwood Fire Stations, Bates Building, Police Station and Guild Hall. A small sum of money spent on these buildings every year will result in keeping our physical equipment in constant repair.

Because of the great interest of all citizens in our Town Common this Board will endeavor to keep it the beauty spot that it is and improve whenever necessary.

It is most gratifying to see a program for the development of playgrounds. The Beechwood playground was improved last year. With the building of the new playground at North Cohasset along with Milliken Field, we are making rapid progress in recreational facilities for our children. We recommend that you approve the completion of the field house at Milliken Field which appears under Article 8 in the warrant.

Last year at Government Island, the wharf was repaired, enabling it to be used by fishermen and yachtsmen. Water service was installed to the pier and a concrete loading bait platform installed for the lobster fishermen.

We are indebted to Mr. Drinkwater of Atlantic Avenue for a loan of a float and runway for this pier. Also to Mr. Jerome Wadsworth and the Boy Scouts for cleaning the grounds. We are working with the Government Island Committee in finding a satisfactory solution for disposition of the buildings.

We are very appreciative of the great assistance given us by the various committees. We refer particularly to the Government Island Committee, the History Committee, the Veterans' Pond Street Sub-Division Committee, the Salary Survey Committee, Transportation Committee, the War Memorial Committee, the South Shore Publicity Committee, the Water Committee, both Garden Clubs, the Legion Auxiliary and the Woman's Club have been very helpful in various projects.

We wish to express our appreciation of the fine work done by Irwin M. Golden as assistant town counsel during Mr. Thayer's illness.

We want the townspeople to know the fine job and the tremendous amount of work your Finance Committee has done this past year in working out the many problems in cooperation with this Board. We suggest that you all read the reports from the various department heads and their recommendations. Again our sincere appreciation to Mr. Frederick Thayer for his untiring work with this Board.

The accomplishments which have been made during 1947 are only through the cooperation and coordination of all departments, both appointed and elected. With this cooperation we look forward to 1948 to make further necessary improvements for the benefit of Cohasset and all its people.

REPORT OF THE BOARD OF HEALTH

To the Citizens of Cohasset:

Over 150 cases of communicable diseases were reported to the Board of Health last year, representing a marked increase in the number reported in any given year for the past twenty years or more. Of this number, however, 117 cases were Chicken Pox and despite the efforts of this Department, the District Nurse and the School Nurse, new cases developed constantly throughout the summer and early winter.

One of the main reasons for the spread of the disease can be attributed to the feeling that the disease is a minor one with the result that many households not only dispensed with the services of a doctor and were negligent in observing quarantine rules, but they also failed to report the cases, the result being that by the time the Board of Health was advised of such a case, the child had recovered, but during the communicable stage, through negligence of quarantine regulations, had further spread the disease.

The list of contagious diseases reported is as follows:

Chicken Pox	80
“ “	37 (symptoms of disease reported by District Nurse)
Mumps	6
Dog bite	13
Infectious Mononucleosis	1
Pneumonia	2
Measles	12
German measles	1

	152

Permits issued, not including Milk Permits:

Official Burial (or removal) permits	47
Masseur Permits	2
Undertakers Permit	1
Manufacturing or Bottling Permits	1
Refuse and Garbage Collecting Permits	5
Privy or Cesspool Cleaning Permit	1
Lobster Bait Permit	4
Piggery Permit	2
Recreation Camp Permit	1

An inspection of all eating and drinking establishments was made last year in conjunction with the State Department of Public Health. It consisted of swab testing of eating and drinking utensils, examination of premises as to ventilation, general cleanliness, washing facilities, proper screening, etc.; the findings of which will be reported to the proprietor of each establishment together with any recommendation that may be necessary to safe-guard public health.

Also in conjunction with this, a Food Handlers' course was held. The course consisted of a lecture, picture slides and sound pictures depicting the proper method of handling and preparing food, sanitation, sterilization of eating and drinking utensils, etc.

ANNUAL REPORT, TOWN OF COHASSET, 1947

For the past three years, this Department has deemed it advisable to prohibit bathing in the inner Harbor. In each instance, an analysis of samples of water taken has shown a marked pollution that indicated bathing in that area was a menace to public health. Samples taken in the vicinity of the Yacht Club, while showing signs of pollution, failed to indicate that bathing was unsafe.

Because of the prevailing condition, we have deemed it advisable to request that a Committee be appointed at the coming Town Meeting for the purpose of investigating the sources of pollution and to recommend what measures may be adopted to alleviate the condition.

Maintenance of brooks and streams consisted of keeping the waterways free from debris to avoid the possibility of floods during rainy weather. Catch basins were deodorized at frequent intervals and ponds were kept free from alga growth to a great extent. It was necessary, because of excessive odors, to flush the culverts and streams in the center of the Town during the dry spell of late summer. This was done by Mr. Charles Stoddard who in addition to his duties as Superintendent of Town Dump, was on call for the purpose of pumping cellars during floods, polluted wells, etc.

Two hundred dollars was appropriated last year for the purpose of improving the road leading into the Town Dump. With the aid of a bulldozer, purchase of gravel and other material, trees were felled and one half of the length of the roadway was widened, surfaced and made safe for travel.

If additional funds are made available this year, the work will be carried on and the entire road leading from the entrance on Cedar Street to the dump proper will be completed.

The Department Milk Inspector, Mr. Charles E. Frates, inspected all dairies of the Town, issued licenses for all milk dealers selling and delivering milk and throughout the year collected samples of milk which were analyzed for bacteria count, fat content, etc.

Twelve Well Baby Conferences and four Diphtheria and Whooping Cough Immunization Clinics were held at the Community Center, statistics of which will be found in the report of the District Nurse which follows. The Well Baby Conferences and Clinics were held under the direction of the Board of Health with the co-operation of the Social Service League whose assistance has been of invaluable aid to this Department.

The report of Dr. William G. Matteson, in charge of the School Dental Clinic is as follows, followed by the report of the District Nurse.

REPORT OF THE SCHOOL DENTIST

To the Board of Health:

Gentlemen:

The following is a summary of dental operations accomplished at the Ripley Road School Dental Clinic during the year ending December 31, 1947.

Fillings	
Permanent silver (with and without cement base)	597
Synthetic porcelain	68
Anodyne cement	28
Red copper cement	21
Extractions	
Deciduous Teeth	98
Permanent Teeth	24
Post Operative Treatments	3
Gum Treatments	5
Examinations (including Insurance Surveys)	78
Prophylactic Treatments	161

During the past two years the clinic equipment has gradually been brought up to date in a moderate way. A slightly used chair and cabinet replace the old red plush chair and the inadequate fifty year old instrument cabinet. A new operating light has been installed on the unit and recently it has been necessary to replace the old burned out sterilizer with a new one. The present equipment with proper maintenance should continue to be of use to the clinic for a good many years.

Fluorine therapy is still on the agenda and each child under clinic care is treated three times in the school year. The use of fluorine as an aid in the prevention of dental decay is still a debatable issue. However, judging from the beneficial results obtained from the use of these treatments in various communities throughout the country, and the progress made along these lines by the experimental work of the U. S. Public Health Service, it seems evident that fluorine treatments will soon be a "must" for all children up to twelve years of age.

WELL CHILD CONFERENCE

The Well Child Conference is held at the Community Center the first Tuesday of each month with Dr. Steward Clifford pediatrician, two Public Health nurses, a nutritionist and two volunteer workers in attendance. Mrs. Roger Coulter is acting chairman of the Conference and arranges for all necessary transportation.

Statistical Report:

	New Cases	Revisits
Infants	69	194
Preschool	21	48
	<hr/>	<hr/>
	90	242
Total attendance		332

During the first six months of 1947 our clinic attendance varied from thirty to forty-four at each clinic. In an effort to serve the community comfortably and well it became necessary to put all patients on a semi-appointment basis. This has relieved the congested conditions at the clinic rooms and has allowed Dr. Clifford to spend slightly more time with each child. The last six months the clinics have averaged twenty-one children each clinic, this allows approximately six minutes to each child. Dr. Clifford feels this is not enough time to allot to a child who has a real problem to be solved nor time enough for the child over two years of age. Therefore, a separate clinic for the older group has been recommended to the Board of Health by Dr. Clifford, the Conference Chairman and the Nursing Committee.

The services of Miss Margaret Anderson, nutritionist, and Mrs. Francis Wright, Social Worker, have been solicited as needed. Their co-operation has made it possible for the community to receive a better service than it might otherwise have had.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Selectmen
Cohasset, Massachusetts

Gentlemen:

Following is my report as Sealer of Weights and Measures for the year ending December 31, 1947.

Number of weighing and measuring appliances sealed was 225.

Number adjusted 12.

Sealing fees of \$34.17 collected and paid to the Town Treasurer.

Respectfully submitted,

REPORT OF THE BOARD OF PUBLIC WELFARE AND BUREAU OF OLD AGE ASSISTANCE

To the Citizens of Cohasset;

During the year there were forty-nine cases aided under Old Age Assistance. On January 1, 1947, there were forty-four active cases—seven cases were closed and six added, leaving total of forty-three active cases December 31, 1947. Of the seven cases closed, five died and two became self-supporting.

In August, 1947, the State Department issued a revised budget item cost schedule providing for increased allowances in the items of food, household supplies and replacements and fuel, effective September 1, 1947. Common household expenses were to be prorated between the applicant and recipient and employable single children, whereas in the past common household expenses were in the recipients' budget.

In November, 1947, the State Department issued a letter, after receiving an opinion from the Attorney General's Office, stating that the pro-rating of common expenses was contrary to the intent of the legislature. As a result, all cases were reconsidered and rebudgeted and retroactive adjustments were made.

Although there was a decrease in the number of cases this year the total amount expended showed an increase.

Under Aid to Dependent Children eight cases were aided during the year. On January 1, 1947, there were five active cases, and during the year three cases were opened and two closed, leaving six active cases on December 31, 1947. One case closed was due to death and the other as a result of the State Letter issued in September stating that 60% of the children's gross wages were to be considered contribution to the household.

There was an increase in General Relief cases due to temporary unemployment and illness. There were nineteen cases aided, six of these aided regularly and the balance periodically. No doubt the increase would have been greater but in some cases the needy were entitled to Unemployment Insurance or Soldiers' Benefits.

The District Nurse reports the following visits for the purpose of giving nursing care:

Department of Public Welfare	4 cases	75 visits
Bureau of Old Age Assistance	13 cases	119 visits
Aid to Dependent Children	4 cases	22 visits

We wish to thank all who assisted and cooperated with this Department.

Please refer to Town Accountant's report for financial detail.

REPORT OF TREE WARDEN

To the Citizens of Cohasset:

I herewith submit my Annual Report in brief:

During the past year, I have followed a customary policy of spending as much of my appropriation as possible for the pruning and clearing out of *Elms*; in addition, the upkeep of growing trees is by no means an unimportant part of the Tree Warden's work.

Trees, young and old, must be pruned, dead limbs must be cut, cavities must be carefully cleaned and filled; splitting and cracking must be *prevented* by bolting and cabling, and other needs must be looked after.

Every well informed and interested person will advocate a generous appropriation for Tree work.

I have also cleared some very bad corners, that were dangerous to travel.

The shade tree survey that I advocated last year, is underway, I expect to complete this survey this year. Every shade tree will be recorded for diameter, circumference, height, and condition. When this survey is completed, we will have on record every shade tree in Town. Condition, location, size, from which we can show an approximate value of the trees in Town.

We have found not a few large dead diseased trees of different type, that are beyond treatment. Some are dangerous to the traveling public after pruning. These should be removed.

Therefore, I recommend that a sufficient sum of money be appropriated at the Annual Town meeting for the purchase of a gasoline power chain saw for the use of the Tree Department. This purchase is an economy measure, also will further our tree operations with greater speed. More speed, less costs, larger dangerous areas eliminated.

I would like to express my appreciation to other Town Departments for their kind cooperations with my departments during the year, especially Police and Highway Departments Head and Personnel. Also to citizens of Cohasset for their helpful suggestions.

ROSCOE G. PRATT,
Tree Warden

REPORT OF MOTH SUPERINTENDENT

To The Honorable Board of Selectmen,
Cohasset, Massachusetts

My principal efforts during the past year were devoted to caring and trimming, to prevent Dutch Elm disease, and also to prevent damage by other insect pests, such as Gypsy Moth, Brown-tail Moth, *Elm Leaf Beetle*, Tent Caterpillar, Canker Worms, and numerous other destroying pests, particularly the (*Scolytus*) or Dutch Elm Bark Beetles, a fungus carrier.

ANNUAL REPORT, TOWN OF COHASSET, 1947

Wooded and residential roadsides were found to be infested with numerous destroying pests, and it became necessary to cut under brush. This was done on Sohier Street, King Street, Beechwood Street, Lambert's Lane from Golf Club House to a point near Hang Horse Hill. More of this work should be continued. We have examined several sections of the Town including residential sections.

Much damage is in old fruit trees, etc., which must and should be cleaned up to prevent serious results. Some Home owners have declared their intentions to assist, by trimming orchards, and cleaning under brush from infested areas around their homes.

This year was our first experience with D. D. T. Spraying. The results were very gratifying. A blower type sprayer was employed and found to be operated at less cost. Therefore, I recommend to you Gentlemen; That the Board of Selectmen insert an Article in the Town warrant for 1948, requesting the purchase of a blower type sprayer, and the sum of \$1,980.00 be appropriated for this purpose. I also recommend that the Arlington type Hydraulic Sprayer, now owned by the Town should be kept in operation.

All streets were sprayed with both Hydraulic and Blower type. Some arsenate lead was used, in conjunction with D.D.T. Many areas were sprayed three times, as far as money would allow.

Due to weather conditions, a second hatching of Elm Leaf Beetle caused us much anxiety, due to lack of funds and inadequate appropriations.

Thanking you for your helpful suggestions and instructions, I am

Respectfully yours,

ROSCOE G. PRATT,
Moth Superintendent

REPORT OF THE COHASSET PLANNING BOARD

To the Citizens of Cohasset:

During the calendar year of 1947, the Board has met regularly in the Town Hall on the first Thursday in each month. In addition to the twelve regular meetings, there have been many special meetings.

Among the numerous matters of importance that were taken up at these various special meetings were:

The purchase of Depot Court, a heavily traveled highway, owned completely by the New Haven Railroad. It was recommended to the Board of Selectmen that the Town purchase this property.

The problem of parking facilities at Sandy Beach. It was recommended to the Selectmen that they insert in the next Annual Town Warrant, an article for an appropriation to make these parking facilities available.

We received many applications for approvals of subdivisions by various home developers, of which all developments were approved by a unanimous vote.

ANNUAL REPORT, TOWN OF COHASSET, 1947

It is of the opinion of the Board, that if the Town is to have an up and coming Planning Board, as well as an up and coming Town, it is the duty of each and every citizen to abide by, and follow the recommendations and the rules and regulations set up by the Planning Board.

We thereby recommend, that if any person that wishes to sub-divide any property in the Town, they come before us for assistance and recommendations so that the rules of this Board be abided by to make better home developments in the Town.

We hereby wish to thank those citizens and Town officials who have given us their sincere co-operation.

The Planning Board,

NORMAN F. JAMES, Chairman
ANTHONY EMANUELLO
ROBERT A. LEONARD
H. B. BURLEY, Jr.

REPORT OF HIGHWAY SURVEYOR

December 31, 1947

To the Citizens of Cohasset:

Your Highway Surveyor reports, for the year ending December 31, 1947, a total of 29432 gallons of tarvia used, 1100 of which was tar patch. The streets tarred were King, Sohler, Cedar, Border, Margin, Beach, Forest Avenue, Jerusalem Road, part of Summer, and part of Atlantic Avenue.

New catch basins were built: One on Cushing Road opposite the residence of John Kimball, one at the corner of Cushing Road and Pleasant Street, two opposite the Bristol Block on South Main Street. Close to the walk fronting the building, the street was nearly level with the walk. Melting snow water and rain lingered, making access to the business tenants disagreeable. Acting on many complaints by patrons and others, the tenants requested if relief couldn't be made. The street was lowered and two catch basins built, with the hope that the nuisance will be abated.

The excessive rain storm of mid-summer caused a bad wash out to the bridge at the Mohawk on Beach Street, so immediate repairs to a large portion of the bridge were made, proving to be quite costly.

A stone wall was relaid and wooden fence built thereon adjacent to the Yacht Club and property of the Bellarmine House.

About 350 feet of wooden fence was erected on that part of Jerusalem Road parallelling Black Rock Beach to the turn off to Nantasket.

Concrete posts have been set on right side of Beechwood Street below the school, the cable for same, while promised, was not available during the year, hence the work is incomplete.

At the foot of Pond Street the curve has been enlarged due to a re-location of the gates by the New Haven Railroad.

ANNUAL REPORT, TOWN OF COHASSET, 1947

A new side walk was constructed on easterly side of Red Gate Lane from North Main Street beyond the hydrant opposite the residence of Earl Beatty.

Much fence painting was done, also Cunningham's Bridge received a coat of aluminum paint.

The routine of Spring street cleaning, and removal of the Autumn fallen leaves received the customary attention. Again I remind you of many bad hazards along our public ways, some of which I hope can be eliminated during this coming year.

To our Town Officials who have accorded me their usual and helpful cooperation, likewise, to many of our good citizens for their much valued suggestions, I acknowledge my sincere appreciation.

Respectfully submitted,

WILLIAM T. BARNES,

Highway Surveyor

REPORT OF THE DIRECTORS OF THE PAUL PRATT MEMORIAL LIBRARY

At a meeting of the Directors on April 22 Miss Charlotte S. Tower presented her notice of resignation which would become effective on August 1st. Realizing that this step was taken because of pressing needs elsewhere, the Directors regretfully voted to accept.

Miss Tower had been connected with the Library since the summer of 1903. For a short period lasting until May 1, 1904, she was working under Miss Jessie W. Ford classifying and cataloguing the books preparatory to the opening of the "new library." From May 1, 1904 to October 31, 1911 she was Miss Sarah B. Collier's assistant. From November 1st to May 31, 1912 she was at the Milton Public Library. At that time she gave up library work to be of help in her own household, but events so developed that she returned to the Cohasset Library on August 1, 1930. For a period of some four years she was Assistant Librarian to Miss Annie N. Keene, who retired in 1934. Since that time she has been Head Librarian.

Her service thus covers, in two periods, twenty-four and one half years. This represents a longer term in the Cohasset Library than any other person except Miss Mary A. Stoddard, who has been at the Beechwood Branch Library ever since it was inaugurated in 1913. During all her service at the Library, the Directors have recognized the patient, careful performance of her duties and the extreme devotion which Miss Tower has always had for the Library and for those who avail themselves of its resources.

Last December Miss Tower herself gave the most fitting witness to this devotion by presenting the four historical murals which are now permanently installed in the lobby of the Library.

It is the wish of the Directors that Miss Tower will find in her new leisure, health and pleasant contentment.

On July 23rd the Directors voted to promote Mrs. Sarah E.

The Directors were fortunate to find Miss Virginia Rice, a resident of the town, with the necessary training for the position. She was appointed in August and her duties commenced on September 1st.

REPORT OF THE LIBRARIAN OF THE PAUL PRATT MEMORIAL LIBRARY

To the Directors of the Paul Pratt Memorial Library:

Report of the Librarian for the year 1947.

On July 31, 1947, Miss Tower, who had been Librarian for a good many years, retired, and the Directors appointed me Librarian. As I had been Miss Tower's assistant for two and one half years, it seemed simply a matter of carrying on where she left off. In this way, the responsibilities have come gradually and easily with no apparent difference in Library routine. I would like to say that I fully appreciate the ability and integrity of the former Librarian, and hope to carry on, with a degree of success, the fine work she has done during her long tenure.

On September 1st Miss Virginia Rice of Cohasset was appointed Assistant Librarian by the Directors. Miss Rice is a graduate of the Chandler School in Boston and was connected in a secretarial capacity with the Boston Public Library. She has proven to be a very able Assistant, courteous and pleasant. Although her work is general in scope, the Children's Room is her most important responsibility. She is ideally fitted for this, as has been proven by the children themselves.

Looking back over the year, several events stand out against the routine background. One of these was the visit of the Old Colony Library Club to Cohasset. The business meeting of the Club was held at the Unitarian Parish House; then a luncheon at Kimballs, followed by a visit to the Library. It was a pleasant occasion enjoyed by all.

ANNUAL REPORT, TOWN OF COHASSET, 1947

After school opened and we had started our regular book deposits, we also started classes for the fifth and sixth grades in the use of the Library. With the splendid co-operation of Mrs. Hudson and the teachers of these grades, we had groups of twelve once a week until we had covered the entire classes. We found these classes very interesting, and know from reports that the girls and boys enjoyed them. We hope to carry on this work each year and in this way enable our boys and girls to feel at home in any Library, and derive the fullest benefit from the opportunities offered.

We have been gratified by the number of college students who frequent the Library and are quite successful in finding material to help them in their studies.

During Book Week the grade school children made their annual visit, and we enjoyed telling them stories and showing them the newest books for children. In the adult section, Rev. Wilson reviewed for us the book "Struggle for the World" in the reading room of the Library. This was very well attended and enjoyed.

We are continuing the story-hour for the children on Tuesday and Friday afternoons at 3:00 o'clock inaugurated last year.

Miss Stoddard is carrying on ably at the Beechwood branch, and visits us once a month selecting books she wishes to borrow for her Library.

During the year, we have received gifts of books and people have been very generous in their help with exhibits both in the children's room and the adult reading room. The Amateur Garden Club made the Library very attractive throughout the summer with their colorful arrangements.

The following statistics will show the general trend of the Library year. These include the Beechwood Branch.

Registrations for the year 1947	291
Temporary (Summer Registrants)	62
	353
Total adult circulation for the year 1947	25,501
Total juvenile circulation for the year 1947	14,537
	40,038
Books added to our collection for the year 1947	
(Purchases and gifts)	713
Books discarded for the year 1947	337

In closing, may I thank the Directors and the Trustees for their help and co-operation, and also the people of Cohasset for their good-will and day-by-day helpfulness. I would also like to add a word of appreciation for the work done by Miss Margaret Sullivan in helping out before the Assistant Librarian was appointed.

Respectfully submitted,

SARAH E. HEYWOOD,
Librarian.

REPORT OF TOWN COUNSEL

January 21, 1948

To the Honorable Board of Selectmen:

Gentlemen:

The past year has been another in which the time devoted to Town affairs has been greatly disproportionate to the amount appropriated for the Legal Department.

Feeling that the citizens and taxpayers not in close touch with civic affairs should be informed, I am appending hereto an itemized time statement taken from my office records.

Aside from meeting with your Board and a few other instances, it represents time devoted during office hours. There are innumerable occasions not reflected in this record in which time was consumed in the evenings and other than during office hours where and when no facilities exist for keeping account of such time. There is, of course, bound to be much time which does not get recorded. I desire also to point out that this record does not include time involved in the Cohasset Water Company case, which is handled separate and apart from general matters, as understood between us and which are of a highly complicated and technical nature.

It should also be borne in mind that from the amount appropriated a very substantial amount only reimburses me for overhead expense, secretarial and stenographic service, stationery, postage, transportation, and telephone charges. Obviously, practically all work handled by Counsel necessarily requires and involves such expenses. All these items of overhead and costs of doing business have risen in recent years in common with living costs. After deducting a fair and reasonable amount for the above overhead, the net amount received as compensation is far less than the figure appropriated.

While undoubtedly due in large extent to the aftermath of the war, changing trend of times, and resulting demands for public improvements long postponed, the work in my department has greatly increased, as it has in yours. I know that this is fully appreciated by you, and will be apparent to others. In fact, the demands reached the point where inroads on my private practice obliged me to carry over until 1948 three Town matters which could wait and to which I could not devote the time in 1947. I have reference to the Harbor proceedings, Beechwood School, and Pond and King Street matters.

As I am now conducting negotiations with representatives of the Cohasset Water Company, the result of which is still uncertain, at this writing I am making no further comment with regard thereto. I shall either render a separate report or incorporate that of the Investigating Committee in time for printing the Town Report, if possible.

To repeat and quote from my 1947 Report:

"A Town Counsel is no longer merely an advisor. His position has become similar to that of counsel for a large cor-

poration, the complexity of whose activities demand constant specialized legal service to avoid unpleasant entanglements.

Municipal governments, as well as State and Federal, are constantly being required to play a greater part in the lives of our people, in consequence of which more and more legal problems arise."

In closing I wish to thank the Board and all my fellow citizens for the privilege of serving and especially for your cooperation.

REPORT OF HARBOR MASTER

To the Honorable Board of Selectmen:
Cohasset, Mass.

Gentlemen:

The Season of 1947 was an extremely busy year at the Harbor; due to a large increase in yachting and fishing. During the summer we were so crowded for room that it was necessary to temporarily stop issuing permanent mooring space to out of town boat owners. This was not done to stop visiting boatmen, who at all times have the use of anchorage at any harbor, but to be able to take care of Cohasset boat owners who need mooring space. We felt Cohasset residents were entitled to this consideration.

Last Spring we were forced to build a new runway for the "Fisherman's Float," so called. In the Spring we found it was too rotten and unsafe to use. After investigation by the Finance Committee and your Honorable Board of Selectmen we were advised to build a new one. The Finance Committee voted to transfer this money for the new runway from Reserve.

We were requested by a number of people to let the floats remain out later in the Fall than in previous years. Therefore, the floats were left out until late in November this past year for the benefit of the people who go smelting, of which Cohasset has a good many.

We still feel that the walls around the harbor should be repaired. The floats are very old and a start should be made as soon as proper stock is available in replacing them.

In closing, we wish to thank you gentlemen, the Selectmen, for your full support at all times; the fishermen and bait truckers for their co-operation in keeping the bait landing clean and the yachtsmen for their co-operation.

Respectfully submitted,

EDWARD J. ANTOINE,
Assistant Harbor Master.

REPORT OF THE SCHOOL COMMITTEE

To the citizens of Cohasset:

The duty of your School Committee is to set the policy of the School Department.

This year we put into effect a Salary Schedule that we feel will not only serve as an inducement for the teachers to continue their studies in better teaching methods, but will also help us to maintain a high grade staff of teachers. It put us in a position to compete with other towns for good teachers. We feel that the salaries paid our teachers are about average for a town our size.

This year due to the large number of Kindergarten children it was necessary to put into effect a two-session kindergarten because of the shortage of classrooms at the Ripley Road School. We are looking forward to the continued enrollment of large classes in the lower grades for some years to come, as this year's group were children born in 1942, the year when the birth rate of

ANNUAL REPORT, TOWN OF COHASSET, 1947

the country had a large increase. Each year since then the birth rate has increased. This fact has caused your committee much concern as we feel that it will eventually mean the addition of at least two more classrooms to the Ripley Road School.

We as a committee are looking forward to the time when we will have a modern high school building. There are many repairs in the Osgood School that will cost a large amount of money over the next few years. This is causing your committee to question how far to go on repairs. The cost of labor and material is so high that we do not feel justified in spending large amounts on this building if we are to have a new building within the next few years.

The cost of supplies, fuel, and equipment has increased to the extent that the committee feels that it will necessitate asking for an increase in the budget to cover these expenses.

During the year we put into effect a full time music instruction course with plans for a school orchestra or band which we believe will be a benefit to the children and to the town.

The committee has voted to allow released time for religious education. So far only one church has taken advantage of this allowed time although they all have the same opportunity as far as the School Department is concerned.

Respectfully submitted,

ARTHUR CLARK,

Chairman, School Committee

1. This salary schedule is effective commencing with the school year 1947-1948.

2. Teachers who are at present in the Cohasset Public Schools will be placed on the step which corresponds to their present salary under the column in which they classify. New teachers coming into the Cohasset Public Schools may be placed at any step after consideration has been given their training and experience.

Teachers will be placed in Column I who have had either 2 or 3 years of preparation in teacher training institutions and who do not hold a Bachelor's Degree.

Teachers will be placed in Column II who hold a Bachelor's Degree or the equivalent of 4 years of training on a collegiate level, or teachers who have taught 25 years in the Cohasset Public Schools previous to September 1, 1947.

Teachers will be placed in Column III who hold a Master's Degree or equivalent graduate credits.

3. A teacher may be moved from step to step by a majority vote of the School Committee after hearing a recommendation from the Superintendent. The Committee and the Superintendent will be governed by the following regulations:

- A teacher shall not be advanced more than three steps until he or she has submitted evidence of the completion of approved professional study equal to 3 or more college credits during the previous three-year period. This provision shall not be in effect until September 1, 1949.
- The normal advancement on the salary schedule shall be one step per year. In making adjustments for inequities, no advancement shall be made of more than two steps. A two-step advancement may be made for outstanding service rendered in one year.
- A teacher who is not assigned a full teaching and supervisory load shall not be advanced on the schedule.

ANNUAL REPORT, TOWN OF COHASSET, 1947

- d. A teacher shall upon qualification be moved as of September 1 from one column to the next highest step in the new column.

4. "Approved courses" are defined as courses of study in recognized educational institutions. Information concerning the courses must be submitted preferably in advance for approval by the School Committee and the Superintendent.

Teachers in Column I may choose courses leading to the Bachelor Degree. Teachers in Column II & III will ordinarily be expected to choose courses carrying graduate credit except where a course of study may have very particular application to the teacher's work in this school system.

Approved travel may be substituted for 1 semester hour of the 3 hour requirement in regulation 3, section a.

Approved work experience for a period of 2 months in a type of work closely connected with the teacher's work in the school system may be substituted for 1 semester hour of the requirement in regulation 3, section a.

5. The amounts listed under "extra duties" are the maximum amounts which may be added to the base salaries when the duties enumerated exceed the normal assignment schedule. These extra amounts are distinct from the base salary. Subsequent removals of these assignments making salary adjustments necessary shall not be construed to be reductions in base salary.

6. Amounts paid for administrative positions are discretionary with the School Committee.

7. Any teacher who has reached the maximum under Column II or III and who thereafter completes 6 college credits of approved educational courses shall be granted a permanent increase to his or her salary of \$25.00, provided, however, that an increment thus earned shall be given but once in any three-year period.

8. Any teacher intending to retire at any age from 55-64 inclusive, and giving notice of so doing, shall receive a salary increase of \$100. above the salary to which he or she would otherwise be entitled on the schedule for as many years immediately preceding retirement, up to a maximum of five years, as he or she gives notice of retirement.

9. This schedule applies to all teachers employed in the Cohasset Public Schools.

10. The School Committee reserves the right to amend, alter, suspend, supplement or revoke any or all of the provisions herein contained provided that all members of the Committee shall have had one month's notice of the intended changes.

11. This schedule and these regulations shall be incorporated under the section entitled "Salaries" in the School Committee By-Laws.

12. Teachers may be absent from school for 10 days each year with pay because of personal illness, short emergency periods of illness in the family, and death in the family. Absences with pay are cumulative to a total of 30 days. After the cumulative total

ANNUAL REPORT, TOWN OF COHASSET, 1947

of days has elapsed, the difference between a substitute's pay per day and 1/200 of the teacher's annual salary will be paid for 30 days.

13. The adoption of this schedule will not cause a reduction in the salary of any teacher now employed.

Summary of a tabulation of 19,798 Massachusetts classroom teachers' salaries as of October 1947, compiled by the Massachusetts Teachers' Federation.

INFORMATION RELATIVE TO PUPIL ENROLLMENT

A child desiring to enter Kindergarten in September must be four years and ten months of age on or before September 10. A child must be five years and ten months of age on or before September 10 to enter the first grade. Pupils must present a certificate of vaccination, and if born in towns other than Cohasset, he must present a birth certificate for initial admission to the Cohasset Public Schools.

The kindergarten enrollment reached such proportions this year that a two-session plan was inaugurated. The plan is as follows:

One section consists of pupils within walking distance on North Main Street, Red Gate Lane, Beach Street, Tower Lane, Smith Place, Pleasant Street and James Lane. It will include all bus pupils from Lincoln Hill Side, Spring Street, Pond Street, South Main Street, Chief Justice Cushing Highway, Beechwood Street, King Street, Doane Street and Church Street.

The other section consists of all bus pupils on North Main Street, Forest Avenue, Black Rock Road, Hull Street, Jerusalem Road, Cedar Street, Lamberts Lane, Nichols Road, Atlantic Avenue, Stockbridge Street, Margin Street, Parker Avenue, Border Street, Summer Street, Black Horse Lane and Elm Street.

The first session is from nine o'clock until twelve. The second session is from twelve o'clock until two. The pupils attending the nine o'clock session are alternated at the half year so that each child attends the nine o'clock session for five months and the twelve o'clock session for five months.

This plan has improved the kindergarten training as the teacher has more time for the individual child in a group that is not unwieldy because of size. The inconvenience of the second session to home schedules is well recognized. In order to equalize this, the groups are alternated at half year.

A study of the birth rate indicates that this plan must be continued for several years unless additional classroom space and teachers are provided. Even if the two-session kindergarten plan is continued, there will be need for one more classroom at the elementary school by the fall of 1949 and for two rooms by the fall of 1951. This prediction is based on birth-rate figures alone and does not take into account building of new homes.

Guessing on the basis of these figures and present enrollment, the increased enrollment will be felt in the secondary school in the fall of 1953 and will reach a maximum by 1960. The addition of new dwellings in the town will advance the dates.

NEW FEATURES IN THE PROGRAM

Earl Anton Chamberlain was engaged as a full-time instructor in music and started his work in September. The vocal music instruction which has customarily been given through the grades is continued with each elementary grade having an increased amount of supervision.

Introduced under this new plan of a full-time teacher is the instrumental instruction. At present there is a violin class and a trumpet class organized at the Ripley Road School and the Osgood School. The next step will be to start clarinet and drums. It is hoped to start pupils in the fourth, fifth and sixth grades in the Ripley Road School and in the seventh and eighth grades in the Osgood School so that a school orchestra or band will result in the future and continue to have replacements from the lower grades as the older members graduate.

In addition to the regular vocal instruction by grades through the elementary level, there is the freshman chorus, the senior high school chorus, the high school glee club and the special boys' chorus from the fifth and sixth grades. Two classes in music appreciation are given at the Osgood School; one for freshmen and the other for upper classmen.

The School Committee voted to release pupils for one hour each week for the purpose of attending religious education classes at the church of their choice. This was done in accordance with the provision in Chapter 76 of the General Laws as amended for Section 3 of Chapter 461 of the Acts of 1939. The portion of it referring to religious education is as follows: "Absences may also be permitted for religious education at such times as the school committee may establish; provided, that no public funds shall be appropriated or expended for such education or for the transportation incidental with it; and provided, further, that such time shall be no more than one hour each week."

Pupils are dismissed at 11:15 on Wednesdays from the tenth, eleventh and twelfth grades. St. Anthony's Church has established a class and it is understood that some of the other churches are considering the matter.

MAINTENANCE AND REPAIRS

The following major items of maintenance and repairs were done during the past year. The Ripley Road School was weather stripped at points most vitally needing that service. Linoleum was installed in the kindergarten room and four classroom floors were sealed and waxed. The basketball court was repainted and a coat of gym finish applied. New drains and a dry well were installed near the annex stairwell. The stairwell and one classroom were painted. The entire clock system at the Ripley Road School needed extensive overhauling.

At the Osgood School a new sewer was installed when the old one became blocked by roots from the shade trees.

The following are the major items of maintenance which should be cared for this year. The policy of interior painting of

ANNUAL REPORT, TOWN OF COHASSET, 1947

the halls and rooms on the lower floor of the annex at the Ripley Road which was started last year should be completed. Some of the walls in the Osgood School are peeling and if the school is to be used for any period of time, they should be put in such a condition as will allow the pupils to have some respect for their classrooms. The roof over the typewriting room at the Osgood School leaks badly enough so that there is danger of the plaster becoming loose. A portion of the roof of the Industrial Arts shop needs shingling. The Osgood School fire escape needs a certain amount of maintenance work, part of which should be done this year. The program of weather proofing the Ripley Road School should be continued.

HEALTH

The resignation of the school physician on September 1 and the attendant difficulty in securing a replacement has focused attention on the health program. It now appears that a forward looking solution is in progress to this problem.

Fanny E. James, school nurse, reports the following statistics of her activities:

Number of pupils taken home during school hours for illness	89
Number of home visits	97
Number of pupils taken to clinic for immunization	79
Number of home visits for pre-school conference	52
High school seniors and school personnel X-rayed September 19, 1947. (None showed any evidence of tuberculosis)	37

Not appearing in the statistics are the hundreds of scratches and cuts cared for by Miss James nor the number of cheerful words which have dried up many a tear and alleviated the memory of injured feelings of the Ripley Road School youngsters.

FINANCIAL

A complete financial report of the School Department is to be found on Page 88 of the Town Report. A summary is as follows:

CONCLUSION

This report is not a comprehensive survey of the school system. It is, rather, a supplemental report to the reports of past years emphasizing whatever has been new during 1947.

I wish to thank the members of the School Committee for their helpfulness and counsel during the past year.

Respectfully submitted,

WILLIAM RIPLEY, JR.,
Superintendent of Schools.
